

Elaine Balul

Elaine Balul began her ESS career with her employer – the Ministry of Human Resources as it was known at the time back in 1996. Elaine began on the Northern Mobile Support team since it began in 1997 – and is one of the only three original members. Elaine has been an ESSA Director since the beginning of 2008 and has been on the ESSA Advisory Forum since its conception in 2008. She wanted to get involved with the Advisory Forum to bring a voice from a rural, interior community to a province wide committee to address concerns that are experienced in her area.
