

Jeff Norburn

Jeff Norburn works for the City of Quesnel as the General Manager of Community Services and has been active with Emergency Social Services (ESS) for 8 ½ years. He has been the ESS Director for Quesnel since 2005 and became involved with the Advisory Forum when it was initially started up in the spring of 2008. Jeff is excited about the potential that the Advisory Forum has to assist ESS teams throughout the province, providing opportunities for teams to share best practices and resource materials with one another. Jeff is proud to be a part of this dynamic group of volunteers.
